TARYN TADDEO PALUMBO **AGE: 41**
Executive Director

I believe the future of Huntington Beach matters now more than ever.

Raised in this community, I'm a parent, attorney, and commonsense problem solver. As the Executive Director of a nonprofit organization, I have spent my career bringing people together to get things done, helping connect people and businesses to secure the funding they need in order to improve lives and make a difference for families across Orange County.

I know I'm not alone in saying enough is enough. As your City Councilmember, I will work tirelessly to focus on the everyday issues that matter most:

Protect our libraries and public spaces,
Invest in infrastructure upgrades and street repairs,
End the waste of taxpayer dollars in endless lawsuits,
Restore Huntington Beach's reputation.

I believe our future is worth fighting for, and I want my children to experience the same pride in our city that I did growing up. I would be honored to earn your vote to bring the change we need in Huntington Beach.
