LAURA THIES **AGE: 57**

Business Administrator

Laguna Hills has been our family's home for 28 years. Our neighborhood, lovingly know as the "neighborhood behind the DMV and Polly's" is a tight knit and supportive community. I would be proud to represent District 1 while serving all residents of Laguna Hills. I am an Orange County native with my BS in Mathematics with a cognate in Philosophy from CSULB. My husband and I began growing our family of 5 children while growing a business. Some of my past and current volunteer work includes, serving San Joaquin Elementary as member of the PTA Board, helping at the Laguna Food Pantry, team parent for Hawk softball, and working as a Catechist at our Church. I will work hard to help implement solutions for the common good of our city and all residents.
