ANDREW KIM **AGE: 31**

Public Safety Manager

Public service has been the focus of my career. I have served our community for more than 14 years with the La Palma Police Department, including over five years as a La Palma Police Officer. Today, I serve as a local government manager for a nearby city and have experience working with communities throughout Orange, Riverside, and Los Angeles Counties.

My grandparents and father immigrated from Korea with very little and chose La Palma to build a life, opening the city's first Korean market. Growing up in La Palma and attending its schools, I am proud to call this community home. I also earned a Ph.D. in Public Administration, researching strategies to improve public sector employee recruitment and retention.

As a husband and father raising my young family in La Palma, I am committed to preserving the safe neighborhoods, strong sense of community, and quality of life that make our city special.

If elected, I will provide honest, accountable, and responsive leadership. My priorities include public safety, supporting local businesses, enhancing parks and neighborhoods, responsible fiscal stewardship, and preserving La Palma's small-town character.

I would be honored to earn your vote. AndrewKimForLaPalma.com
