PETER MOLINARI
Small Business Owner

Born and raised in Orange County, I have spent nearly twenty years building my life, career, and family as a Mission Viejo resident and homeowner, raising my daughter and supporting local schools and community organizations. These experiences have given me a strong understanding of the values and priorities that make Mission Viejo a special place to live.

Currently serving on the Mission Viejo Planning and Transportation Commission, I have dedicated virtually six years to evaluating land use, transportation, and development issues. As Chairman and Vice Chairman, I have worked with residents, city staff, and public safety professionals to protect neighborhood character and enhance quality of life.

I bring more than two decades of private sector leadership experience in educational publishing, marketing, and entertainment. This background strengthened my skills in strategic planning, fiscal responsibility, and problem solving.

As a Commissioner, I have worked with the Sheriff's Department and city engineers on traffic safety priorities, including school area improvements and speeding concerns. I supported rebuilding Fire Station 24, preserving parks and open space, opposing proposed rezoning of the Garden Center Plaza property, and attracting new businesses to strengthen city revenues.

Committed to leadership focused on integrity, accountability, public safety, and responsible growth.
