

**STEVE CAMP****AGE: 68**

Architect/Business Owner

For more than 31 years, Steve Camp and his family have called San Clemente home. A lifelong surfer, Steve and his wife of 42 years designed and built their home here and raised their three children in this community.

After more than five years of service on the City's Planning Commission and Design Review Subcommittee, Steve is running for City Council to give back to the community that has given his family so much.

As a Planning Commissioner and Design Review Chair, Steve has worked to protect San Clemente's neighborhood character while navigating state housing mandates and reviewing major hotel, mixed-use, and community projects.

A local architect for over 36 years, Steve founded a firm employing ten professionals. His experience leading a business through multiple recessions, managing complex projects, and working with police, fire, and public safety agencies has prepared him to make sound, fiscally responsible decisions.

On the City Council, Steve will bring that same practical, thoughtful approach to protecting our neighborhoods, strengthening public safety, maintaining fiscal responsibility, and preserving the character and quality of life that make San Clemente special.

Steve has the experience and commitment to help protect the community we all love.

Steve Camp, AIA
