

MARK ENMEIER**AGE: 43**

Teacher/Councilmember

I am a San Clemente resident, born and raised, and a history teacher at San Clemente High School. I now have the privilege of raising my own family in this slice of heaven. In 2022, I was elected to the San Clemente City Council. It has been my honor to serve the citizens of this great city. While in office, I have worked to bring more sand to our beaches, increase our trolley lines, reduce homelessness, and create safer roads for our e-bike community. I have also worked with partners to expand recreational amenities, such as new pickleball courts, a pump track, a minigolf course, and a goat grazing program.

Going forward, I will make sure that San Clemente stays focused on local issues. This includes fire safety and mitigation, continuing sand nourishment and retention, supporting our small businesses and non-profits, keeping our kids safe on our streets, reducing our carbon footprint, and protecting our community from pesticides, landfill expansion, and battery farms. I believe that our city is at its best when we focus on what brings us together as a community in order to enhance our quality of life in this amazing place we call home.
