DAN SHIMELL **AGE: 40**
Attorney

I'm running for Mayor because Santa Ana is my home, and I believe in the strength, resilience, and heart of our community.

As an attorney, I advocate for the rights of others and understand that lasting solutions begin with listening. I will fight for your voice and lead with integrity, accountability, and transparency. Working together, we can strengthen our local economy, support small businesses, improve access to affordable housing, and create more opportunities for families to succeed and thrive. I will stand with you and ensure your voice is heard.

Recently, I have felt the fear and uncertainty affecting many members of our community — including my own family — during ICE raids and other immigration enforcement. No one should have to live in fear or feel disconnected from the city they call home. As Mayor, I will work to build a local government that is compassionate, accessible, and worthy of the public's trust — where every resident is treated with dignity and respect.

Together, we can strengthen public participation in government and foster an environment where every resident feels proud to call Santa Ana home. I would be honored to earn your trust and your vote. I will always have your back.
