DEBORA DONATHAN
Educator

I am running to represent District 3 because residents deserve safe neighborhoods, clean streets, responsive government, and leadership that follows through.

I am an educator, parent, longtime family caregiver, and community advocate. I hold a Bachelor of Social Work and a Master of Education. These experiences have taught me to listen carefully, navigate complex systems, solve problems, and stand up for people when government is not working as it should.

My priorities are practical: improve neglected areas such as Katella Avenue; strengthen public safety through visible Sheriff patrols and better coordination among law enforcement, code enforcement, businesses, and residents; address recurring problems along Beach Boulevard; and ensure responsible development benefits the neighborhoods already here.

I will scrutinize contracts and publicly funded programs, ask who benefits, and challenge waste, conflicts of interest, and spending that does not produce measurable results. Public money should create real pathways to safety, employment, treatment, stability, and independence while protecting individual rights.

City Hall should listen, explain its decisions, and treat every resident with dignity. I am asking for your vote to bring independent judgment, practical oversight, and determined advocacy to the Stanton City Council.
