JEFFREY HARLAN
Attorney/Planning Commissioner

After 45 years of the same, we need new leadership for Division 5. I bring not only the experience and expertise, but also a fresh perspective to guide the Irvine Ranch Water District through this critical time.

For more than 20 years, I have been a dedicated Orange County public servant and community volunteer. As the first City Councilmember representing Eastside Costa Mesa, I helped create and renovate neighborhood parks, deliver new bike lanes, upgrade streets and alleys, and expand police and fire services. With my leadership, our Council delivered balanced budgets every year.

As a land use attorney and Chair of the Planning Commission, I have committed my 30-year career to working with governments to improve communities and protect our environment. I understand all aspects of responsible development, including preserving our water supply, conserving natural resources and open space, and investing in our infrastructure.

I graduated from the University of Pennsylvania, and earned a law degree focusing on environmental law from Vermont Law School.

As your Director, I will ensure our precious resources are protected so you can enjoy a safe, reliable, and affordable water supply.

I appreciate your consideration and hope to earn your vote.
