**PATRICIA C. "PAT" BATES**
Water Policy Advisor

I started my public service on my neighborhood community services district, a special district just like the Moulton Niguel Water District. I went on to incorporate the City of Laguna Niguel, served as its first mayor, and led the fight against the El Toro Airport.

As an Orange County Supervisor, California State Assemblywoman, and California State Senator, I represented every community within Moulton Niguel Water District's service area.

I'm proud of my record as a taxfighter:

- Defended Proposition 13 and Proposition 218, your right to challenge water rates
- Received the Howard Jarvis Taxpayers Association's highest rating

I've never stopped serving the community I love: in addition to being the President of the Laguna Niguel Historical Society, I am a Director for the Howard Jarvis Taxpayers Association, protecting taxpayers throughout California.

Now, I am focused on water. Whether you're a renter or homeowner, a young family or a retiree, we all need safe, reliable water at a price we can afford.

As your Moulton Niguel Water District director, water quality and safety will always be my first priority.

I will invest in the pipes, pumps, and reservoirs that keep water flowing through drought and emergencies, at the lowest responsible cost, with a full public accounting of how our money is being spent.

I would be honored to receive your vote. Please visit votepatbates.com.
