

KIMBERLY HO**Chief Executive Officer**

I am Dr. Kimberly Ho, bringing a wealth of expertise and dedication to my candidacy for Orange County Supervisor. With a Doctorate in Pharmacy, a Post-Doctorate Fellowship in Geriatrics, and an Executive MBA, my educational background lays the foundation for informed and effective leadership.

My three decades as a successful entrepreneur in the healthcare industry have honed my ability to innovate and strategize for growth. This, combined with a robust history of public service, including a transformative term on the Westminster City Council, showcases my commitment to fiscal responsibility and community development.

In my political career, I have proudly championed initiatives that cut through bureaucracy to reduce litigation and save our city from financial distress. My efforts have directly bolstered the economic stability of our local businesses and enhanced the vitality of our community.

As your Supervisor, my focus will be on bringing transparency, accountability, and integrity to the office. My plan includes comprehensive reforms in CalOptima to redirect funds toward member services, increasing housing accessibility, and implementing routine audits to ensure that our government works for the people, not just the politicians.

I will draw on my experiences as a healthcare professional to address the pressing issues of public health, championing policies that safeguard the well-being of all Orange County residents. My entrepreneurial spirit will drive me to seek innovative solutions to enhance our local economy, create jobs, and foster an environment where small businesses can thrive.

My vision for Orange County is one where every community member has a voice and the opportunity to prosper. I am dedicated to addressing our most pressing challenges, including homelessness, mental health, and sustainable development, with practical and forward-thinking solutions.

Electing me means entrusting the future of Orange County to a leader with a proven track record of hard work, ethical governance, and a clear vision for the future. I pledge to serve with the utmost dedication, ensuring that our county remains a beacon of opportunity and excellence.

Join me in embracing a new chapter of leadership that reflects the best of Orange County's values. Together, we will move towards a future of unparalleled community engagement, economic prosperity, and enhanced quality of life for all.
