

GRACEY VAN DER MARK
Councilwoman/Business Owner

REPUBLICAN
AGE: 52

When Republican leaders at the State Capitol said they needed a fighter in Sacramento to take on Gavin Newsom and his destructive policies, they called me to be your conservative voice.

They've endorsed me because they trust me to fight waste, fraud, and abuse of our tax dollars, support law enforcement and bring down the cost of living.

This summer, because of Sacramento's policies, gas prices are expected to skyrocket over \$8 a gallon. In response, the super-majority party in control introduced and passed legislation that will ultimately add a new tax on every mile you drive. This is a double tax on what are already outrageous gasoline taxes.

We need change in Sacramento and representatives who will get things done!

I was elected to the City Council to get things done and I delivered. Today, my city is one of the few in Orange County where homelessness has declined, our streets are safer, and we are routinely named one of the "best run" in California.

I'm honored to be law enforcement's choice in this election. I'm endorsed by the Association of Orange County Deputy Sheriffs and the Huntington Beach Police Officers Association.

The California Republican Party, the Republican Party of Orange County, Senator Tony Strickland, Supervisor Janet Nguyen, and many other high-profile Republicans all endorse my campaign for Assembly.

I'm a Councilwoman, Business Owner, Wife; and Mother and I'd be honored to have your vote.

Please reach out if I can be of help at www.GraceyforAssembly.com.
