

ROSE ESPINOZA

Executive Director/Councilwoman

I am running for county supervisor because the county government must do more for local residents.

These are tough times for many; I believe county government can address rising costs by:

- Expanding childcare subsidies

- Reducing public transit fares

- Fast-tracking affordable and mixed-income homes on public land and converting unused offices into housing.

34 years ago, I opened my garage home and founded Rosie's Garage, a nationally recognized after school tutoring program. The idea was simple, but the impact was huge. We gave kids much needed academic support and a safe harbor from dangerous gangs, drugs, and alcohol.

My work with children led me to public service and local government. As a 25-year member of the La Habra City Council, I have delivered critical resources by working with local businesses, nonprofits, federal, state, and county governments.

I'm one of us. I was born and raised in La Habra; I'm a proud graduate of La Habra High School, Fullerton College, and CSU-Fullerton.

I have a proven track record of serving, and representing, North Orange County's working families.

I'm proud to have helped thousands of children and improved our community, but there is more to do.

Please vote Rose Espinoza for supervisor and visit www.rosie4supervisor.com
