

CONNOR TRAUT

Mayor/Business Owner

Dear Neighbor,

Orange County has long been the epitome of the American Dream – a place where working people can secure a good job that supports a family, with parks and schools that serve our next generation, and public services that help our seniors and most vulnerable neighbors.

I'm running for Supervisor to solve problems and deliver results. My experience gives me the tools to fulfill Orange County's promise, and I'll work hard to:

- Address affordability to help working families stay in O.C.
- Reduce homelessness and focus on mental health and addiction.
- Combat crime and ensure fast emergency response times.
- Enhance our parks and repair our roads and infrastructure.
- Build housing and lower barriers for first-time homebuyers.

My experience includes serving as a local mayor and former school board president. I'm also a business owner, dad, and fourth-generation Orange County resident. I currently serve as a board director of the Orange County Fire Authority and board member of the Boys and Girls Clubs of Central OC.

I'm proud to have the support of groups representing local firefighters, police officers, nurses, grocery workers, small business owners, construction workers, and veterans.
