

RUDY DIAZ
Retired Orange County Engineer

As a taxpayer advocate, I am running for trustee of the Rancho Santiago CCD to make certain your tax dollars are put to use in our community and not overseas. I am opposed to the District's plan to operate colleges in Saudi Arabia and other business ventures in places like China and India. We must put tax dollars to work for our students. My number one goal as your trustee will be to demand accountability to our community from the administration and those who serve with me.

I am a lifelong Orange county resident with no political aspirations other than to make certain we stick to the mission of a community college.

I raised my family in Orange County and spent 38 years as a county engineer. I have served and chaired both the City of Orange's Library Board and the City's Parks and Recreation Commission. For my work I was honored with a proclamation from the City of Orange for community service. Additionally I received a governor's appointment to the California Library Services Board.

I respectfully request your vote so I can make certain we follow the district's mission and effectively serve students and residents of our community.
