

MEMBER OF THE STATE ASSEMBLY, 74TH DISTRICT

NAME: KEITH D. CURRY **PARTY: REPUBLICAN**
OCCUPATION: Businessman/Councilmember **AGE: 58**

Having served in the administration of President Ronald Reagan, I saw firsthand how leaders with character, determination and faith could change the world. As a Mayor and Councilman, I've strived to apply the principles I learned working for President Reagan to my public service.

I've worked hard to protect taxpayers, reform public employee pensions and end wasteful spending. My conservative fiscal plan helped generate yearly surpluses in our city, even during the recession. We reduced the city workforce by nearly 100 positions and made the city more efficient.

I worked with Paul Gann to qualify the "Spirit of 13" government spending limitation law. As a Councilman, I am working to protect Proposition 13 from those trying to raise property taxes.

I believe local elected officials should make decisions on fire rings and toll roads, not state bureaucrats.

I believe we should expect our schools to do a better job educating our children and that parks, open space and clean water are important to everyone in our state. We must create jobs again in California.

The Orange County Business Council, former Governor George Deukmejian, Orange County Sheriff Sandra Hutchens, former Senators Tom Harman and Marian Bergeson, former Newport Beach Council member Jean Watt and Mayors from Irvine, Newport Beach and Laguna Beach all endorse me.

With your support, I pledge to take my fiscally conservative approach to the State Assembly to work to reform state government and protect our quality of life.
