

Argument in Favor of Measure J

Argument in Favor of Measure J

Vote YES on Measure J to repair and upgrade aging, deteriorating facilities and infrastructure in our neighborhood elementary and middle schools. Measure J will ensure that all students of Fullerton Elementary School District have access to the 21st-century classrooms, labs and facilities they need to succeed.

Measure J will upgrade classrooms, labs and facilities to support student achievement in math, science, and engineering. Most of our schools were built over 50 years ago and require repairs and upgrades to address the health and safety of our students to provide a modern, high-quality education.

Vote **YES on J** to ensure Fullerton Elementary School District students receive high-quality education by making upgrades to older schools to meet the same academic and safety standards as newer schools, including equal access for all students to music, arts, outdoor learning and physical education.

Measure J, a fiscally responsible plan, will make essential improvements needed to keep students safe and prepare them for success in college and future careers.

Vote YES on J to:

- Repair or replace deteriorating roofs, plumbing, heating, ventilation, and electrical systems where needed
- Upgrade our older schools so they meet the same academic and safety standards as newer schools
- Provide the classrooms, facilities, and technology infrastructure needed to support high-quality instruction in math, science, and engineering
- Ensure playground equipment and play areas meet health and safety standards

Measure J Requires Strict Fiscal Accountability

- All money will stay in Fullerton to support our students
- By law, these funds cannot be taken away by the State or used for other purposes
- Independent Citizens' Oversight and mandatory audits will ensure funds are spent properly

Vote **YES on J** to provide local funding to make **Fullerton Elementary School District** facilities outstanding. It will protect the value of our homes and will make our neighborhood schools eligible for state funding that would otherwise be lost to other communities.
