INTRODUCTION

The Orange County Registrar of Voters is committed to protecting each registered voter’s right to cast a ballot safely and securely. To help voters better understand how the State of California and Orange County are preparing for the November 5, 2024 Presidential General Election, this Communications Tool Kit provides a variety of tools to enable people and organizations to ensure local voters are well informed about how, when and where to cast a ballot. From social media posts, infographics, videos and more, this tool kit covers all the need-to-know information.

- Voting options – How to vote
- Voting locations – Where to vote
- Voting period – When to vote
- Safety – Creating a safe environment for election workers and voters
- Security – Protecting the election process and votes

Our hope is that you will share this information with your own networks of people.

The following sections will provide you with a description of the tool kit items we’d like you to share. Graphics can be accessed by clicking on the images where you can then download and save the materials for your own use.

IMPORTANT TOPICS

There are many important topics to address as we ramp up for the 2024 Presidential General Election. Here is a list of the messages we have identified as critical for the 2024 Presidential General Election. You’ll notice these themes throughout the materials provided in the tool kit below.

- Our voter education campaign tagline is “Vote Easy. Vote Secure.” It is reflected in all of our communication materials.
- You Have Voting Options – While Vote-by-Mail ballots are being delivered to all registered voters, there are four ways to vote.
- You Have More Days to Vote – Vote-by-Mail ballots can be cast starting 29 days before the traditional Election Day; Select Vote Centers are open for 11 days for in-person voting.
- Updating Your Voter Registration is Key – We’re encouraging people to register (if they haven’t) and voters to make sure the information they have on file is up to date and correct!
- We Need the Community’s Help – The Registrar of Voters team is currently scheduling voter education presentations to community organizations, and we’re encouraging people to contact us about presenting to their group!

IMPORTANT DATES

- Thursday, September 26: Voter Information Guides begin to be delivered to the U.S. Postal Service

SECURITY AND INTEGRITY MEASURES

Physical	Technical	Process	People
Ballot Drop Boxes are made out of thick secure metal. Each drop box is bolted to the concrete and has its own individual key to open it.	Voter participation data is encrypted when shared in near real time between all Vote Centers and the Registrar of Voters to prevent double voting.	All ballot scanners, vote tally equipment and software are tested before and after Election Day to ensure all votes are counted accurately.	The Registrar of Voters background checks every election worker prior to hiring. All workers complete extensive training on election equipment security measures.

VOTER ROLL ACCURACY FACTS
Registration records updated daily based on information from voters and government sources.

60,000 Average Number of Monthly Registration Updates	708,000 Registration Notices Mailed to Voters in 2023	1.6% Percentage of 2024 Primary Election Ballots Returned Undeliverable	97,500 Voter Registrations Canceled in 2023	15,000 Cancellations in 2023 Due to Death of Voter

YOUR VOTE IS SECURE

Every voter marks a paper ballot. Chain of custody maintained for all voted ballots. Ballot audit confirms accuracy of results. Ballots securely stored after election.

ELECTION SECURITY FACTS

2024 PRESIDENTIAL PRIMARY ELECTION

Ballot Collection	Tamper-Proof Voting Equipment Seals	Signature Verification
Two-person ballot collection teams submitted nearly 12,000 verification photos during the 2024 Presidential Primary Election. All photos are reviewed in real time to ensure no ballots are missed and that the ballots and drop boxes are secured.	More than 25,000 voting equipment seals were checked and logged at Vote Centers during the 2024 Presidential Primary Election to prevent tampering.	During the 2024 Presidential Primary Election, trained Registrar of Voters staff compared more than 600,000 signatures on return envelopes of cast Vote-by-Mail ballots to the voters' signatures in the voter registration file.

Election Security in Orange County

Recommended timing for use: September 25-November 5

Election security is a top priority for the Orange County Registrar of Voters. Security measures for the 2024 Presidential General Election include:

- Test the accuracy of all ballot scanners before and after the election.
- Hand count ballots from at least 1% of all precincts – randomly selected – to ensure the voting system tally is accurate.
- Confirm with the Secretary of State before and after the election that the certified voting system software has not been modified.

Additionally, all votes are cast on paper ballots, and the vote tally system is not connected to the internet. The Orange County Registrar of Voters has partnerships with the Department of Homeland Security, State and local law enforcement, and the District Attorney’s office.

Registered voters have four safe and secure options to return their ballots in Orange County. You can vote by mail or return your ballot to a Ballot Drop Box or a Vote Center. You can vote in-person at any of the Vote Centers, too. All four ways ensure that your ballot will be received by the Registrar of Voters.

You can track your ballot through all steps of the process with OC Ballot Express. You also have the option to sign up for text and email updates. ocvote.gov/track
