

**HENRY W. "HANK" WEDAA
CITY OF YORBA LINDA
MEMBER OF THE CITY COUNCIL, SHORT TERM**

In my many years of service as a City Councilman, I played a major role in the development of this city as the "Land of Gracious Living." Yorba Linda is one of the best places to live and raise a family. It did not happen that way by chance.

I was one of the architects of Yorba Linda's General Plan. I have always zealously guarded our semi-rural way of life which was the intent of the General Plan. I have consistently opposed those who have attempted to subvert that goal. I know first hand that families move here because of our safe, low density and family oriented community. I have been a strong, dependable advocate in keeping things that way.

As a result of a wide variety of experiences during my years of service, I have developed a comprehensive knowledge and understanding of how city governments operate. I don't claim to have all the answers but I know the right questions to ask. I understand the issues and my only purpose is to do what's best for Yorba Linda.

Others will tell you what they think they can do; I can show you what I have done.
