

**ROBERT "BOB" HUFF
STATE ASSEMBLY, 60TH DISTRICT**

As our Assemblymember, Bob Huff is working hard for us.

Bob Huff's common-sense voting record has earned him 100% ratings from such groups as the California Chamber of Commerce and Cal Tax.

On the Assembly Budget Committee, Bob Huff has fought to cut government waste, while maintaining funding for critical programs. Bob has been a strong voice to stop new government programs, and to repay borrowed money before expanding existing programs. Bob opposes higher taxes!

As Vice Chair of Transportation, Bob Huff has fought to repay borrowed gas tax money, and to budget more money for critical transportation projects. Assemblyman Huff believes we must allocate more of our state resources to maintain our roads, and build new freeway lanes where appropriate to unlock our traffic jams.

Serving on the Education Committee, Assemblyman Huff has focused on getting more money into our classrooms, and finding ways to encourage, develop and retain our top performing teachers. Bob Huff knows that in our global economy, our graduates must compete in an international arena. Bob is a strong believer in the exit exam and accountability, to make sure our schools produce the best results for our heavy investment of tax dollars.

Most importantly, Bob Huff understands that to maximize our tax dollars, to have more resources for transportation, and more money for our children's education, we must solve our huge, budget-busting illegal immigration problem.

Vote for a proven, strong voice for change in Sacramento. Re-elect Assemblyman Bob Huff.
