

**ARAZ POURMORAD
BREA OLINDA UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER, SHORT TERM**

Dear Friends,

As a senior at USC who recently attended the Brea school system, I believe it's important to use my firsthand experience and knowledge of our schools to bring a fresh and innovative perspective to the Board.

Though I am young, I am proud of my many accomplishments and record of leadership. I've partaken in enriching the Brea community as a student, coach, mentor, and tutor at BOHS. I served as the student body president to over 20,000 Fullerton College students. I have interned for Orange County Supervisor Chris Norby. And in less than 5 years I've performed more than 4,000 hours of community service while carrying a full course load. I've earned the Character Counts Award and was honored by the mayor, police chief, fire chief, principal, a local minister and School Board President Susie Sokol.

I'd be honored to be your next School Board member and while in office I will work with my colleagues to bring back the tradition of excellence our students, teachers, and entire community are known for. I want to improve our schools to educate well rounded individuals and equip all students with the skills necessary for lifelong learning.

Thank you.
