Jody Vaughn

Occupation: Businesswoman

As 15 year residents of Laguna Niguel, my husband and I raised 4 children who are recent CUSD graduates. As an involved parent, I know our students score high on achievement tests, including SATs. However, we must continually work to improve our curriculum and facilities.

Public education is the foundation of our democracy. I support a vigorous curriculum enriching both high achievers and those who struggle. I will promote remediation programs to ensure that every student will master the basic curriculum. I will work to attract and retain exceptional teachers. I promise to maintain open communication with parents and all concerned citizens. I will continue lobbying for legislation to improve our schools. I look forward to hiring a new superintendent with the talent and vision to make CUSD the best it can be.

Educational Leadership: Western Association of Secondary Schools and Colleges Accreditation Committee; PTA President DHHS: PTA Honorary Service Award: PTA Legislative Team: School volunteer for 21 years.

Community: Laguna Niguel Citizen of the Year nominee; Visiting Nurses Association Board Member; Patriot Football cheer coach, Scout leader; National Charity League Juniors; Junior League, Paul Harris Fellow.

Vote for Jody Vaughn for committed, responsible leadership.
