

**DENISE JANE MANSFIELD-REINKING
ANAHEIM UNION HIGH SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

In four years hard work, Denise has improved the District's effectiveness by demanding accountability, improved responsiveness to the community and refocusing the emphasis on delivering a quality education.

Denise:

Demanded the forensic audit, exposing gross mismanagement of the Measure Z Bond funds.

Was the only Board Member to testify before County Supervisors on Measure Z mismanagement.

Redirected \$500,000 annually into classrooms by choosing a new benefits broker.

Spearheaded Special-Detection Canine program, reducing Drug and Alcohol arrests by 20% in our schools last year.

Founded the "Clothes Closet"— helping needy students attend prom, get school clothes and shoes to attend school.

My ongoing goals are:

Delivering students a quality education to prepare them not only for passing the high school exit exam, but for life.

Maintaining a watchful eye on the management of district resources on behalf of students and taxpayers.

Developing "Technology" academies, providing vocational education opportunities for those who choose that career path.

Improving communication between the community, feeder elementary schools, and District. Ensuring a safe learning and working environment for students and employees.

Denise truly cares about the future of our children. Join the team of taxpayers, parents and employees who demand accountability.

Vote for Denise! 714-323-3464
