

**ROBERT "ROB" STEWART
ANAHEIM UNION HIGH SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

It has been both an honor and a privilege serving you as President and Board Member. With your help, we have made the A.U.H.S.D. one of the best in California. However, the job is not finished. We need to complete projects that protect our kid's future.

Safety and a positive learning environment will remain my number one priority. A "Zero Tolerance" for guns, drugs, and gangs is my promise.

I will continue my support of academics and extracurricular Activities. Sports, Band, and Fine Arts must remain an important part of our school programs.

Our schools must maintain high standards for promotion and graduation so the district and students will get the respect they deserve.

We must provide our students with a variety of career paths from college to the trades. Every student must have a choice of classes and programs.

The money the District receives from all sources must end up in the classroom and directly benefit our students.

Please remember my motto, "It Is Every Child's Human Right For The Opportunity To Receive A Quality Education To The Best of Their Abilities".
