

**ROBERT N. "BOB" HATHAWAY
FULLERTON JOINT UNION HIGH SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

As an experienced Board Member (President 4 times), I will continue to support learning opportunities for all students, excellence in instruction by every teacher and financial accountability to see that Taxpayer's dollars are effectively spent.

My efforts have resulted in providing a strong, comprehensive curriculum with emphasis on moral and civic values, basic skills, advanced courses, magnet programs in medicine, marketing and business, technology, agriculture, humanities, culinary and fine arts; new facilities with advanced technology at each campus (constructed on time, within budget); improved student test performance; and numerous prestigious state and national awards and recognition of our students and schools.

I have also provided relevant career vocational educational programs, that prepare our students for the world of work, by being a 13 year Board member of the North Orange County Regional Occupational Programs Board.

As a longtime area resident, parent of three District graduates, my careers as an engineer, attorney, mathematics teacher, local businessman, and service in area organizations such as Rotary, Kiwanis, Chamber of Commerce, Elks, and Boys and Girls Clubs equip me to be responsive to all District residents.

My reelection assures the continuance of dedicated, knowledgeable leadership, and pledge to maintain the highest educational standards.
