

**DOUGLAS M. SCHNEIDER
FULLERTON SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

As a Board member, my priority will be to support educational excellence for all students through the enactment and enforcement of policy that focuses on accountability and achievement in a fiscally responsible manner. I will use a systematic, analytical approach to fully understand the issues and build consensus toward solutions that foster productive learning and increased efficiency.

I am a 17 year resident of Fullerton with an MBA from CSUF and two children in Fullerton District schools. I've been a soccer coach and commissioner. I believe that a strong public school system offers us all a safer community and a better society.

At Board meetings for the past three years, I encouraged the Board to develop and adopt policies providing a fair and equitable learning environment for all students, while promoting fiscal responsibility. I served on both the Budget and Transportation Advisory Committees where I used my professional engineering experience in budgeting, regulatory compliance, and consensus building.

For additional information visit my website: www.ElectSchneider.org.

Please vote for me. Once elected, I will work to ensure the District implements quality educational programs for all students. I have the education, experience and professionalism to successfully contribute as a Board member.
