

**SCOTT STANFORD  
FULLERTON SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

Businessman

I am proud that my four children have the opportunity to attend Fullerton's excellent schools. My wife Marcia and I made a commitment to remain involved in our children's education from the beginning. I would be honored to have your support as I believe that my professional and personal experiences will allow me to make certain that Fullerton's children come first in our schools.

While working as Assistant Vice President for a national firm in the insurance industry, I have been fortunate to serve multiple terms as an elected School Site Council Member and President. I have stayed close to the Fullerton School District and have admired its many successes.

The adherence to core values and solid management are critical to success. While our schools are doing well, I believe that strong new leadership is necessary to ensure that we do not stray off course. Specialized programs and technology implementation must work well for all families. Finally, parents need to be confident that their children can attend their neighborhood school. I will work hard for Fullerton and our children to protect our Education Community.
