

**ELLEN BALLARD
FULLERTON SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

Occupation: Incumbent, Current President Fullerton School District Board of Trustees

Experienced

As a parent, teacher and President of the Fullerton School District Board of Trustees, I know the District and what must be done to meet future challenges.

Proven Success

I supported Measure CC, that resulted in essential repairs to 19 schools and the building of a new school.

I encouraged applying for state and private grants for science, math, staff development and technology programs.

I continue to support teachers who inspire and bring the best teaching strategies to the classroom.

I worked to obtain business and community partnerships that allowed music, arts, drama, video production and computer technology in every school.

I encouraged implementation of a data management system allowing teachers to rapidly communicate a child's progress to parents as well as emergencies should the need arise.

I continue to make quality education for students my top priority.

Accessible

I am in touch with the needs of parents and teachers.

I listen and respond to all citizens of our community.

I believe in open and honest communication.

I can deliver the leadership needed to provide the education our children deserve.
