

**BEVERLY C. BERRYMAN  
FULLERTON SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

PTSA President/Businessperson

As a wife and mother of two children, my involvement in Fullerton Schools began simply as a way of staying close to my kids to ensure that they had an excellent educational experience. I'm pleased to report that Fullerton is a wonderful place to learn.

For the past two years it has been my honor to lead an amazing organization of parents, teachers, and community volunteers as the City of Fullerton's PTA Council President. Election to this position by all 24 PTA Presidents has allowed me to gain an intimate knowledge of our city's schools from the unique perspective of a parent leader. This position culminated a 12-year career of volunteerism including four PTA Presidencies and three School Site Council terms at several Fullerton campuses.

I am asking for your support because I will provide strong leadership to ensure that children will always come first. I will focus on education in the classroom and give careful consideration to the implementation of specialized programs. I will work hard to solidify Fullerton's long tradition of neighborhood schools. I will work hard because our community has a right to expect excellent schools and honest leadership from our school board.
