

**SHIRLEY A. CAREY  
HUNTINGTON BEACH CITY SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

"Shirley Carey Cares"! A motto turned to action. I sincerely believe the district and community have benefitted from my leadership.

Quality education and high standards remain my top priority. Nine schools have been named California Distinguished Schools and Sower's a National Blue Ribbon School.

Facilities have substantially improved. Modernization has occurred at every site, with focus on classrooms, technology, and safety. Dwyer's main building will be finished this fall, as will the food service speed lines at Sowers. The Dwyer locker-room will start soon.

Community relations have been enhanced. The district continues to open buildings and fields for community use, accommodating youth and adult sports, scouts, senior citizens, and churches. Locally, I have taken a leadership role in Pennies for Prevention, the S.A.V.E. Task Force, Youth Character Awards and the new children's "Wall of Fame" located at Bella Terra.

You can expect more of the same in the future. As a 37 year resident of Huntington Beach (714-968-7287), a nursing consultant, educator, wife, mother, grandmother, and involved citizen the record shows that I "care"! As an advocate for the citizens of this community, a strong supporter of public education, and an effective proven leader, I ask for your vote November 7th.
