

**LINDA SCHONLEBER-COOK  
HUNTINGTON BEACH CITY SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

I am Linda Cook, a dedicated wife and mother of three children. My eldest son is currently serving our country in the United States Marines. My daughter is entering Sowers Middle School and my youngest son attends Hawes Elementary School. My husband Russell Cook co-owns and operates Cook Equipment Co.

A 43 year resident, I have attended Eader, Gisler Middle School and graduated Edison High.

I am a member of PTA, I have been a Girl Scout leader, and served on the Primary Presidency board at church.

Greatest qualification: a concerned parent with children attending schools in the district. I am familiar with the current curriculum and have toured other school sites to better educate myself in the different types of instruction and leadership.

As a parent I take great interest in my children's education. My focus is on a strong core academic program for all children. Personal experience has taught me that the district takes great care in selecting and adopting core curriculum. I believe all schools regardless of their economics, should focus on the same standards and quality instruction. Quality curriculum plus quality instruction equals success.

There should be no children left behind.

Please vote Linda S. Cook
