

**ROSEMARY SAYLOR  
HUNTINGTON BEACH CITY SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

Occupation: Business Woman, Community Volunteer

As a 28 year resident of Huntington Beach who has had 3 children in the Huntington Beach City School District, a past teacher in the district, a local business owner, and a long time school volunteer, my priority has always been student learning and achievement if our children are to be successful and happy contributors to society, ensuring healthy and prosperous communities.

To that end I will work to:

Secure funding for support programs such as library and nursing services.

Continue facility upgrades for safe, effective learning environments.

Recruit and retain the best teachers and support staff.

Permanently fund music and art programs and class size reduction.

I am a college graduate, have served as PTA president at elementary, middle, high school and council levels, a member of school site councils, strategic planning and bond measure committees, and throughout the 2005/2006 school year served as an Asset Management and 7/11 Committee member for the city school district.

I am current with the details of our district's assets and the community concerns about open space and neighborhood schools and will strive to maintain the best balance for our schools and neighborhoods.
