

**K. DAVID BRIDGEWATERS  
WESTMINSTER SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

For 20 years I have been involved with the Westminster School District (WSD) professionally and as the father of five, all of who have or are WSD students.

My wife and I have served our schools and community through leadership in the PTA, Boys and Girls Club and by working closely with students, teachers and principals in and out of the classroom.

I have been a Police Officer in the Westminster Police Department for the past 20 years. My assignments have included DARE officer and director of programs for kids at risk.

I will encourage communication between all community groups, parents and our schools. My goal is to end the conflict on the board of education and stop the exodus of district level administrators. We must continue to recruit and retain highly qualified teachers and staff, which are essential to excellence in education, and improving our schools.

I will restore the high level of integrity we all deserve by conducting business according to state law and in a fiscally responsible and respectful manner. I will bring to the board a voice for all children.

Hundreds of our teachers and school employees support me. I ask for your vote.
