

**CURT PRINGLE
CITY OF ANAHEIM
MAYOR**

For the past four years, it has been my privilege to serve as Mayor of Anaheim. I have worked hard to protect the interests of our residents and businesses. We've kept our neighborhoods safe and our economy strong.

I hope that you will agree that we have kept our city moving forward and one of the greatest places to live.

Much has been accomplished. I want to highlight some successes:

- balancing our city budget, keeping taxes low,
- putting more police and firefighters on the job,
- revitalizing our historic downtown and creating the new Platinum Triangle district near Angel Stadium,
- keeping our streets well-maintained,
- encouraging investment by homeowners by waiving permit fees and expediting approvals,
- prudently pursuing projects like an NFL team and citywide wireless internet to benefit residents without putting taxpayers at risk,
- expanding libraries, parks, gyms and youth sports facilities throughout our city from West Anaheim to Anaheim Hills.

Even with all we have accomplished, there is more to be done, and I hope that I have earned your vote for a second term. Please visit my website if you have any questions, www.curtpringleformayor.com.

I hope that I can count on your continued support.
