

**KONSTANTINOS RODITIS
CITY OF ANAHEIM
MEMBER OF THE CITY COUNCIL**

My name is Konstantinos Roditis and I am running for Anaheim City Council. I am a small business owner who will strive to remedy the inadequacies of Anaheim's city government. When elected, I will commit myself to several causes that will make the City of Anaheim a better place.

I will encourage private management of city facilities to promote efficient city government and save precious Anaheim tax dollars.

I will eliminate business licensing and home improvement permits fees.

I will fight to bring ethanol pumps throughout Anaheim in order to combat air pollution. I will promote solar powered energy throughout Anaheim to generate electricity to power government buildings, street lights, and traffic lights.

I will fight to protect our children by providing better notification to parents when sex offenders move into their area to help keep our children safe.

I will fight to investigate and bring charges against anyone involved with the mishandling of public funds in the \$132 million Anaheim School Bond of 2002 scandal.

I believe that through accessible proactive leadership and honest governance, the City of Anaheim can once again provide the high-quality services necessary to meet the needs of our community. Vote Konstantinos Roditis for Anaheim City Council.
