

**BOB HERNANDEZ  
CITY OF ANAHEIM  
MEMBER OF THE CITY COUNCIL**

It has been my honor and privilege to serve as your councilman since 2002 and I am seeking your support for my reelection.

Anaheim has been my home since 1963. I served on the Anaheim Fire Department for 38 years, retiring as a captain. As a public safety professional, I am dedicated to providing the highest level of police and fire protection for our city. I strongly support well equipped and well trained fire and police departments.

I support the stationing of immigration officers in our jail who can deal justly with those illegal aliens who commit crimes, and prey on our community.

During the last four years I have increased the supply of housing units, approved the development of the stadium area, improved our streets and freeways, kept Anaheim's utility rates low and fought against new taxes. I have partnered with educators, the Workforce Investment board and the business community, to stem the high school dropout rate and to better prepare our students for careers in business.

I continue to work hard to make Anaheim an even greater place to live, work and play.

Your vote for me will assure continued leadership and commitment with integrity.
