

**RON GARCIA
CITY OF BREA
MEMBER OF THE CITY COUNCIL**

With six years of Planning Commission experience, and currently Vice Chair, I am the most qualified candidate to succeed Councilman Bill Lentini, who has endorsed me, as have Councilman Don Schweitzer and my fellow Planning Commissioners.

Having lived in Brea for 30 years and raised two children here, Marcy and I are dedicated to this community and want to improve it for future generations. As Brea doubles its physical size with the pending annexation of county property, we will need leaders with an optimistic approach to government policy, who desire to serve all segments of the Brea community with vision and integrity.

In addition to being Mayor Roy Moore's Planning Commission appointee, I bring to this job a long record of community service experience that includes membership and leadership roles in such diverse organizations as Chambers of Commerce, VFW and Knights of Columbus.

My personal life experiences include graduating from Redlands University with a degree in Business Administration and two tours of duty in Vietnam with the Navy. I have recently retired after a long career in residential finance and have the time and ability to work long and hard on your behalf.

I ask for your vote and support.
