

**STEVE VARGAS  
CITY OF BREA  
MEMBER OF THE CITY COUNCIL**

Brea citizens are concerned about:

Building a fully funded Sports Park without taking "snack shack" money away from our youth teams.

Providing 70% Open Space by negotiating with private property owners instead of eminent domain takings.

Protecting tax revenue by solving the employee pension crisis today instead of tomorrow.

Focus city spending on police/fire protection and community services and limit fees paid to lawyers and self-dealing consultants.

As a former council member, business owner and Military Reservist, Breans can have confidence and trust in my ability to handle the city's business professionally. During my first four years on the council I was always the Peoples Advocate and will be yours again if you grant me the privilege of serving on your council.

I will focus on government accountability and finishing projects already promised. My strong financial background, solid business experience and decades of public service will be at your disposal to make Brea stronger, safer and more accountable to the people.
