

**ROY C. MOORE  
CITY OF BREA  
MEMBER OF THE CITY COUNCIL**

I have been deeply honored to have served Brea for 8 years on the City Council, including two terms as mayor. Thank you for allowing me this privilege. Sunset Magazine praised Brea as one of the five best western cities to live in. I am proud to have been a part of its success.

I pride myself on being an excellent communicator. I have published over 355 email newsletters to interested residents. I make myself readily available to hear your concerns and help resolve your issues. I originated "Meet the Mayor at Millie's" breakfast meetings so you could talk with me in a nonintimidating environment. I walk the talk, having visited every residential voter in Brea in 1998 and 2002 and now again in 2006.

The renovated shopping center at Central and Puente is the direct result of my hard work and perseverance. I fought hard to prevent further construction in our historical City Hall Park, find a permanent location for the Boys and Girls Club and preserve the old American Legion building for our historical museum.

There are still battles to be won (medical facilities, Puente Street traffic). Let me fight them for you. Remember: Brea deserves Moore!
