

**GEORGE MINNEHAN
CITY OF CYPRESS
MEMBER OF THE CITY COUNCIL**

My name is George Minnehan. I served 9 years on the City Council in Santa Fe Springs 3 of those years as Mayor. Since then I have moved my family to Cypress to raise my son.

I was a teamster for 33 years, along with being a business representative and organizer. I have served on the I-5 Commission. I was a member of the South East Area Animal Control District, and also served as board member of the Los Angeles County Sanitation District. I have spent many years coaching youth sports. I have coached Little League baseball and youth football, along with high school football, basketball and softball. I look forward to many more years of involvement with our youth and resident programs.

With your help and vote I hope to serve the community in which I live.
