

**JAMES V. "JIM" LACY
CITY OF DANA POINT
MEMBER OF THE CITY COUNCIL**

Business Owner/Councilmember

I'm running for reelection and would be honored by your vote.

Our city is financially sound: it operates in the black, and we've worked hard to keep taxes, fees and crime low. Spending must stick to priorities, and an important priority to me is cleaning our creeks and beautiful beaches. I have vigorously backed measures to clean Baby Beach, Salt Creek, the Harbor, and Doheny State Beach. Our efforts are paying off: the environmental group "Heal the Bay" has recently cited "huge improvement" in fighting pollution at Baby Beach. But much more needs to be done.

I authored the ordinance to ban so-called "private to private" eminent domain transfers and am pleased the measure is on the ballot this fall; I've been a fiscal watchdog and oppose new fees and taxes; and I am working to address Dana Point's need to increase the availability of affordable housing in a manner consistent with my conservative views.

I will listen to you, and work to protect our ocean and beaches, and stand up for property rights and fiscal responsibility. Please visit my website at www.WorkingforDanaPoint.com, and my blog www.WorkingforDanaPoint.com/blog for more information on my candidacy and the issues. Thank you!
