

**DOUG CHAFFEE  
CITY OF FULLERTON  
MEMBER OF THE CITY COUNCIL**

Fullerton deserves the best.

Traffic clogs our pot-holed streets while more huge parking garages are built. Citizen concerns are ignored while outsiders who fund council campaigns push dense projects into our neighborhoods.

My wife, Paulette, and I have lived in Fullerton for over 50 years. Our two sons attended Fullerton's excellent public schools. With your vote, we will be able to accomplish positive changes.

Our wonderful neighborhoods must be preserved and protected. We must end piecemeal planning and eliminate any threat of eminent domain. We must manage growth without overburdening our infrastructure and police and fire departments. The good old boy appointment process must end. Our youth deserve a better working relationship between the City and our public schools.

Let's create a Great Park for Fullerton in Coyote Hills!

I will be a strong voice for openness in government. I will balance growth with utmost concern for quality of life. I will be frugal with our money! I am concerned, capable, and committed.

Please call me at (714) 726-0521 to express your ideas. Let's work together to put Fullerton first.
