

**BENNY DIAZ  
CITY OF GARDEN GROVE  
MEMBER OF THE CITY COUNCIL**

Dear Friends and Neighbors:

I am honored and proud to be a candidate to serve as a member of the Garden Grove City Council.

I have worked as a Bank Examiner, Research Analyst for the State of California. Today as a public servant I serve as an auditor for our great state and commissioner for our city.

Since childhood, one of my heroes has been President Jack Kennedy. He has been my inspiration to public service.

I truly love our great city. Garden Grove is like no other with our schools, shops and wonderful neighborhoods.

I want to continue giving back and I believe my vision in working with all other elected officials at the local, state and national level, we will make Garden Grove an even better community.

I want a city where our parents and grandparents can walk our streets with freedom from fear. A City where our children do not live in gang infested neighborhoods, but neighbors and neighborhoods caring about our city.

I want to be the councilmember to bring unity where we have division

With your vote and support, I know we will build a better tomorrow for all of us.

Thank you and God Bless

Benny Diaz
