

**SUKHEE KANG
CITY OF IRVINE
MEMBER OF THE CITY COUNCIL**

It has been my honor and privilege to serve as your Irvine City Councilmember since 2004. I'm proud of what we've accomplished together over the past two years.

When I was elected, I promised to work with the Mayor and others to finally defeat the County's El Toro Airport plan and create, instead, the Great Park. Now, the planning and design of the Great Park is well underway; and the grand opening is expected in 2009!

I've worked to produce balanced city budgets, with enhanced funding for police, road improvements, neighborhood parks, access to new trails and open space, and programs for Irvine's families, youth and seniors.

I led the effort to establish the Irvine Educational Partnership Fund, which expands City support for our local schools.

I kept my promise to implement the "Irvine Annual Survey" — an online and direct mail survey of every Irvine household. This enables Irvine residents to communicate with City Hall about their interests and priorities. I'm proud to say the Survey became a reality in 2005. Look for the 2006 Survey this fall.

I've worked hard as your City Councilmember. I pledge to continue to serve you. I respectfully ask for your vote. Thank you.
