

**ELIZABETH PEARSON-SCHNEIDER
CITY OF LAGUNA BEACH
MEMBER OF THE CITY COUNCIL**

Incumbent

It has been my honor to serve Laguna Beach for the last four years.

I am proud to have provided positive leadership as your City council member.

I have fought to preserve a quaint downtown, a vibrant arts community, diverse businesses, unique neighborhoods, and more open space and parks per capita than any other Orange County city.

As Mayor during the 2005 landslide, I worked tirelessly with many of you to ensure that affected residents were taken care of, because that's the kind of community we are.

Since congestion and parking are serious concerns, I ended a 12-year impasse by building consensus to create a large downtown garage and park. If re-elected, I will complete this project and increase peripheral parking with additional tram service to minimize downtown and neighborhood gridlock.

I'm fiscally disciplined to ensure public safety and a sound infrastructure.

I'm leading efforts with cities upstream, and lobbying for funding from the federal government, to prevent ocean pollution at Aliso Creek.

I'm proud to have helped unify a positive, effective council. If re-elected, I will remain open and inclusive.

I ask for your vote to continue to work together, to get things done—and to keep it positive!
