

**RICHARD DIXON
CITY OF LAKE FOREST
MEMBER OF THE CITY COUNCIL**

Age: 58

Occupation: Council Member/Businessman

Lake Forest is one of California's most fiscally sound cities, with \$80 million in cash reserves and 15 years of balanced budgets. It is the 6th safest city in the nation and now has a citywide computerized traffic model and a signal synchronization program that includes every major intersection.

We have stopped the airport, and the Arbor on El Toro revitalization project, which included improvements to El Toro Road, had its opening in September. Those are some of the things that I've been able to help accomplish while I've had the honor of serving you as Mayor and Council Member.

With your support, I will continue to work to improve our quality of life in every area, from traffic improvements, including the completion of Alton and Portola Parkways, to expanded parks and more senior and youth programs.

As we complete the Opportunities Study, I will work hard to make sure the recommendations for well-planned housing, employment opportunities and open space are met, including a 40-acre Sports Park. I would very much appreciate your support and I thank you for the honor of serving you and this outstanding city.
