

**RIC MAURICE
CITY OF LA PALMA
MEMBER OF THE CITY COUNCIL**

Business Owner

I believe in La Palma, its residents and our strong sense of community.

My primary objectives are having strong police and fire protection for our citizens, dependable streets and sidewalks, and fiscal strength. Consistent and fair enforcement of all our laws – speeding, parking and Code Enforcement – is necessary. Our city is faced with decaying sidewalks, roads and buildings. Mortgaging the future of our city is unwise and unacceptable. Together we can aggressively address and solve the issues before us as a community.

As a 16-year resident, homeowner, and parent, I strongly believe in service to the community. My involvement includes five years on The Traffic Safety Committee; several La Palma Days Committees; and Luther, Walker and Kennedy schools. I also serve as an active member of Kiwanis and an American Cancer Society's Relay for Life volunteer. I will continually strive to strengthen the quality of community life – making La Palma a great place to live, work and raise a family.

I will place the concerns of La Palma residents first and foremost in my decision making process. With your vote, I will proudly serve you as a La Palma City Council member.
