

**MICHELE AUSTIN
CITY OF LOS ALAMITOS
MEMBER OF CITY COUNCIL**

Age: 40

Occupation: General Contractor

I am a 14 year resident of Los Alamitos and love the small town family living that our beautiful city provides. I am a licensed General Contractor with 20 years of construction/business experience. My involvement in PTA for 8 years and the city of Los Alamitos Traffic Commission for over 4 years has fostered my desire to be more deeply involved in our community. It has also provided me with leadership skills and insight that I will use to serve our community. I am a skilled manager, having been the General Manager of a medium sized construction company for the past 4 years. My background has enriched my abilities to work with budgets, expedite projects, problem solve, multi task, understand complex financial reports, understand construction documents, work with people of all backgrounds, run efficient organized meetings and state my views clearly without prejudice. I truly want to continue to serve our fine community and ask that you allow me to do so by giving me your vote.
