

**LANCE MACLEAN
CITY OF MISSION VIEJO
MEMBER OF THE CITY COUNCIL**

Occupation: Council Member/University Administrator

It has been an honor to serve this past year as Mayor and represent your views in our family-oriented community. As a strong fiscal conservative I have consistently voted to improve and protect our quality of life.

I have bachelor's degrees in Economics, Political Science and a master's in Public Administration with over 25 years of leadership, budgeting and business management experience. As your advocate on City Council I remember the California promise that drew us to Mission Viejo to live and work: neighborhood parks, recreation, open spaces, good schools and low crime. I am committed to honoring that promise by serving the residents interests not special interests.

My Accomplishments:

Increased city reserves \$12.5M to total \$35.6M.

Reduced crime earning Mission Viejo safest city honors 3 consecutive years.

Improved traffic with widening projects on Alicia and Crown Valley.

Renovated 2 Recreation Centers, 10 parks, expanded Murray Community Center.

My Goals:

Improve traffic by synchronizing traffic signals and widening sections of Oso and La Paz.

Maintain public safety as advocate for police and fire services.

Promote favorable business environment through economic development.

For proven conservative, independent leadership dedicated to serving our community with integrity re-elect Lance MacLean. www.lancemaclean.org
