

**BRIAN W. SKALSKY
CITY OF MISSION VIEJO
MEMBER OF THE CITY COUNCIL**

Occupation: Businessman

I am running for City Council to bring clarity and direction to Mission Viejo based on the vision our city was founded upon.

As your councilmember, I will act to reduce local taxes, challenge illegal immigration through ordinances designed to eliminate loitering near hardware stores, and take strong action to secure a safe future for our children and families by protecting our YMCA from outside, private companies seeking to takeover the property.

My qualifications are straightforward: I am a voting, taxpaying, longtime resident of the city who desires a real change in our city's politics. My loyalty is to you, the people who live and work in Mission Viejo, not to the special interests who claim to speak for all, but really only promote their own agenda.

My goal is a council agenda that will emphasize the aspects of our city that made residents want to move here in the first place. My top three priorities are safety, fiscal conservatism, and beautification. As an active member of Saddleback Church, I am a family values candidate with a strong Christian background who is prepared to lead on those principles. Please visit www.vote4brian.com.
